SUBJECT: Conservation Improvement Grants

The Soil Conservation Commission is announcing, effective this date, a cessation of accepting and processing applications to the Conservation Improvement Grant program. This cessation is necessary to allow the SCC to work within the grant budget and honor current commitments to grantees.

We will review the grant program at the July SCC meeting, and at that time evaluate when to resume accepting and processing grant applications.

You may call me at 332-8652, or email me at bburleigh@agri.idaho.gov if you have any questions.
